"THE GREAT OVERWHELMING PROBLEMS OF OUR COUNTRY ARE HOW TO MAKE DEMOCRACY A REALITY, HOW TO SURVIVE IN THE NUCLEAR AGE, AND WHAT TO DO WITH OURSELVES IF WE DO SURVIVE."

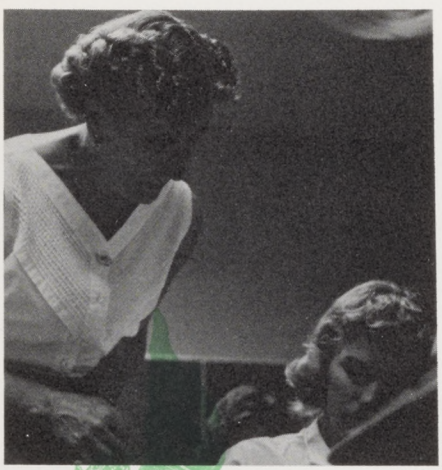
"ONE THING IS CERTAIN: IF OUR HOPES OF DEMOCRACY ARE TO BE REALIZED, THE NEXT GENERATION IS IN FOR A JOB OF INSTITUTIONAL REMODELING, THE LIKE OF WHICH HAS NOT BEEN SEEN SINCE THE FOUNDING FATHERS."

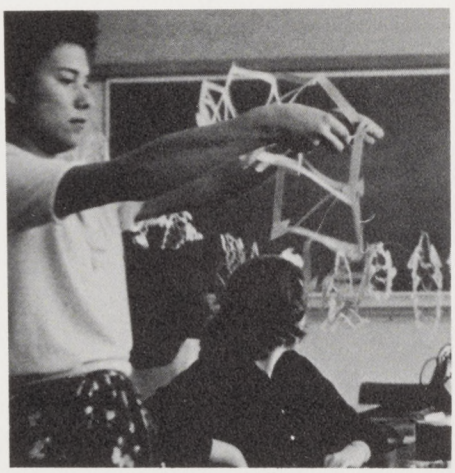
------ Robert M. Hutchins

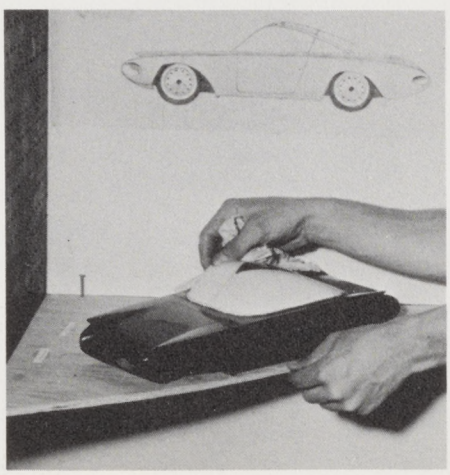
"IT IS PRECISELY BECAUSE WE IN GENERAL MOTORS ARE VERY MUCH AWARE OF THE VALUE OF PEOPLE AS INDIVIDUALS THAT WE RECOGNIZE THE IMPORTANCE OF EDUCATION-- BOTH TO US AND TO THE COUNTRY. EDUCATION, TO THE EXTENT THAT IT IS DOING ITS JOB PROPERLY, PROMOTES INDIVIDUALITY, NOT CONFORMITY."

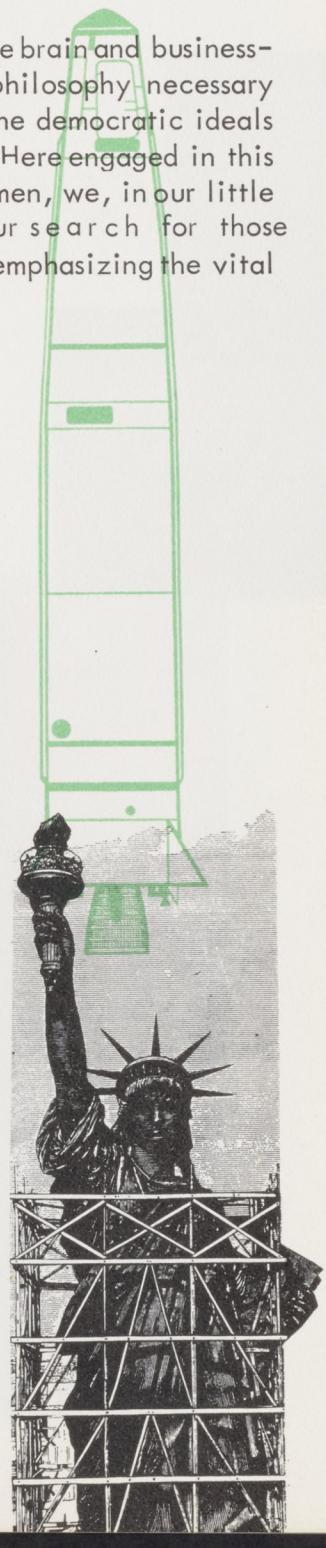
... John F. Gordon
President
General Motors

Now, with the benediction of the brain and businessman, both the need for, and the philosophy necessary to the survival and growth of the democratic ideals have been clearly delineated. Here engaged in this cold-war combat for the minds of men, we, in our little splinter society, are staging our search for those elusive freedom fundamentals by emphasizing the vital difference in individuals.

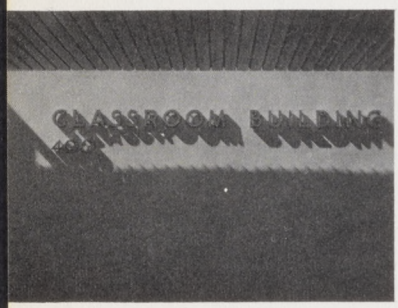








ABCDEFGHIJKLMN



alphabet for Joe Smith

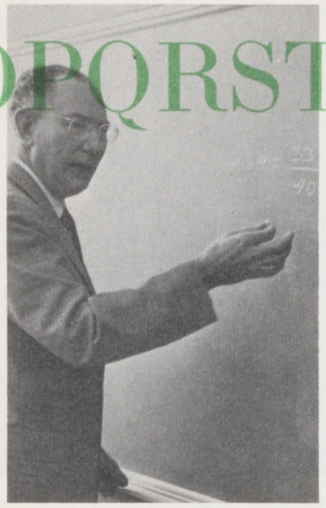
This primer for Joe Smith, then, is a re-orientation course for the individual who, like the cigar-store Sachem, is a vanishing American unless we can demonstrate that we have an educational environment which furnishes the best frame of reference for creative imagiation and c r i t i c a l thought; most important areas to develop in order to prove our superiority in the "Sputnik" struggle.

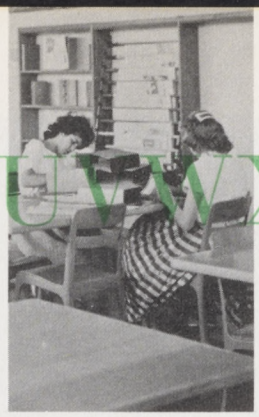
The integrity of the individual is the factor necessary to democracy's survival in the nuclear age.

The basic learning skill is the development of the creative imagination as the individual's freedom factor.

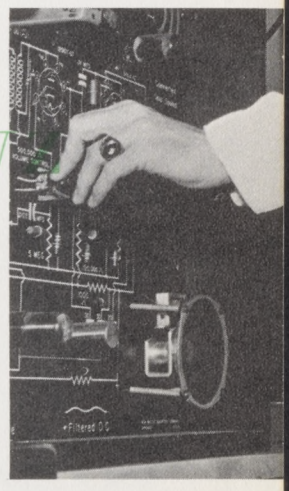
*Codeword: Individual

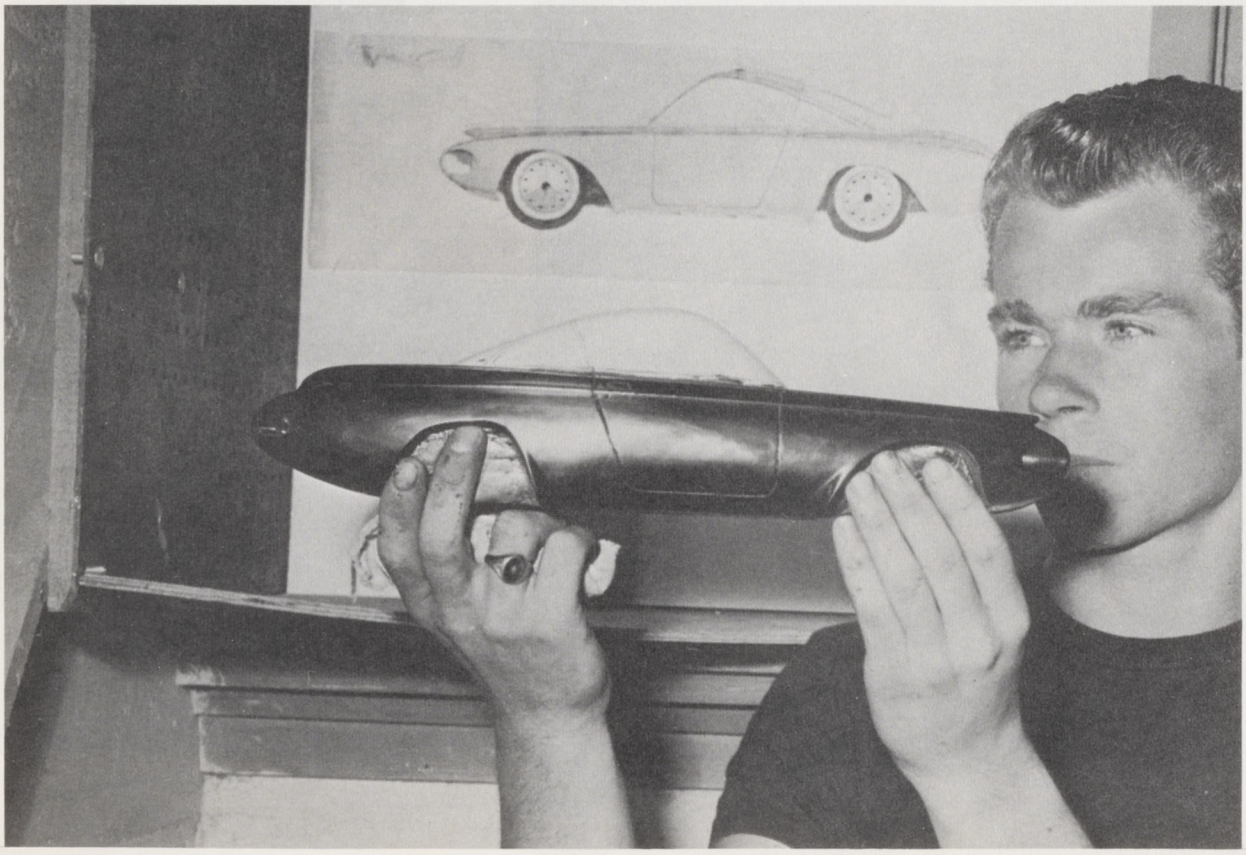
OPQRSTUVWXYZ





abcdefghijklmnopqrstuvwxy

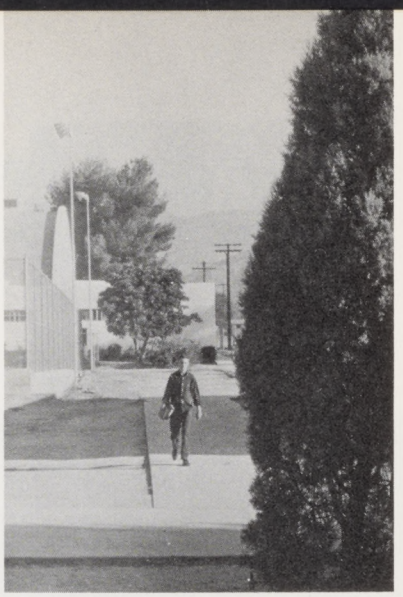


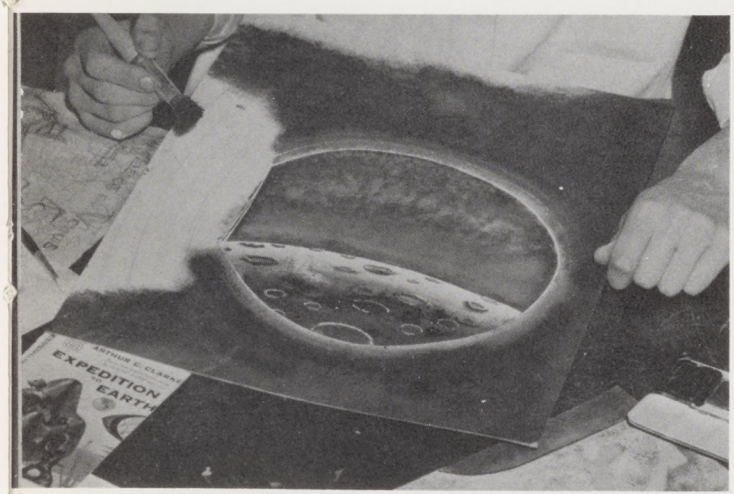


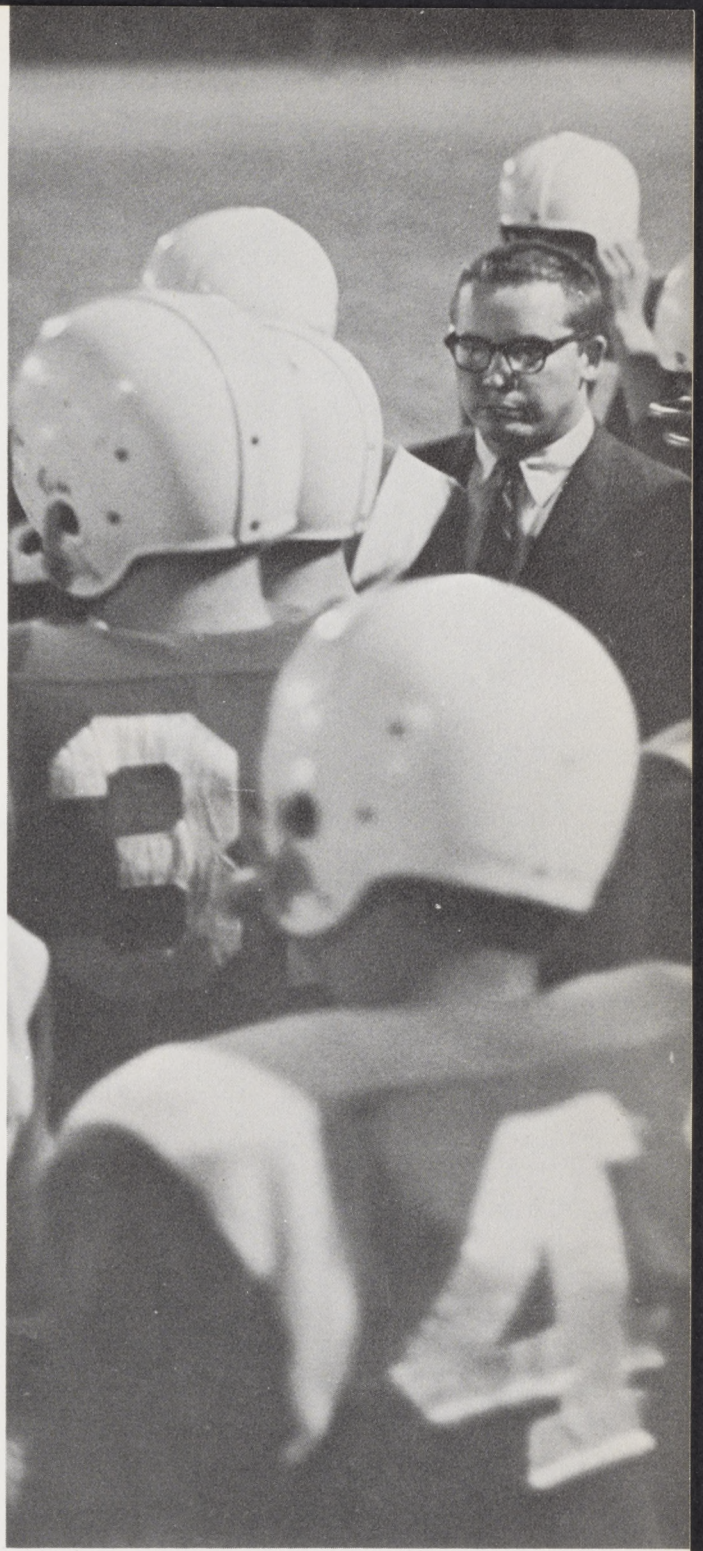
"Great A, little a, bouncing b..."

A IS FOR ALMA MATER, AND THE ATTITUDES INSTILLED THEREIN...

From algebra to zoology, from soup to nouns, the way the ball bounces in the halls of learning is of major concern to the inhabitants of Banning Union High School. From the extreme of the "ten o'clock scholar" to the foreign-born Congressman, we see a slice of democracy in action...

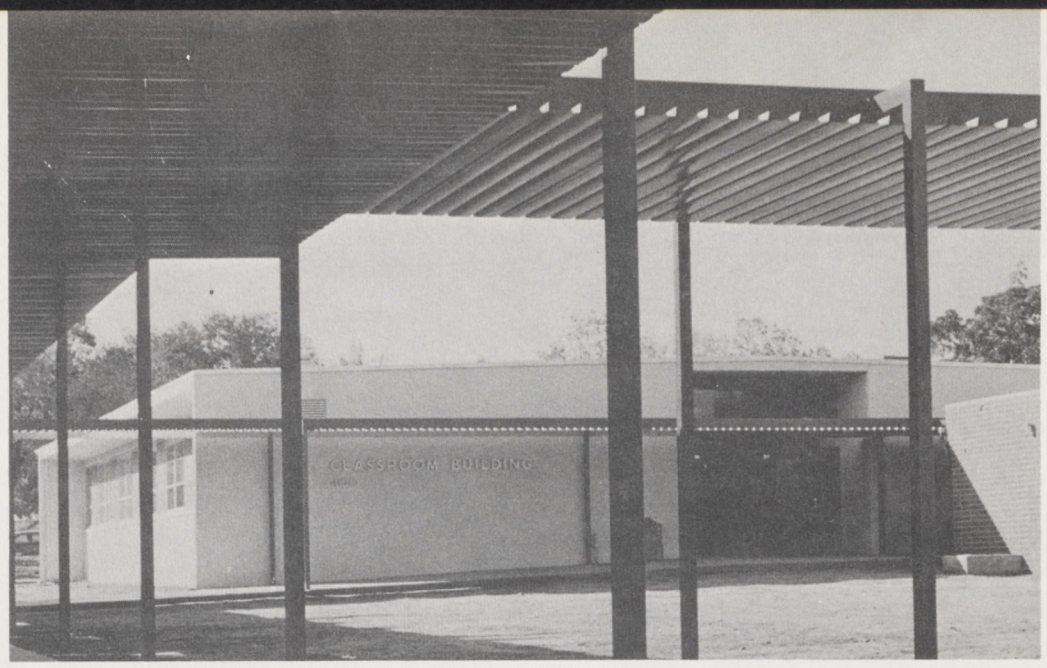






B IS FOR BRONCO...

The same spirit of "rugged individualism" that places a premium on the person's skill and ability on the playing field, is synonymous with a teaching program which nurtures individual uniqueness in a design for living in a democracy.



C IS FOR CURRICULUM AND CREATIVITY

Creativity is the trademark of the individual. This identification of those who will have the most to contribute to the society as graduates is one that crops up consistently enough, in the classroom or the extra-curricular antics, to suggest that teenagers are not necessarily conformity-bound to create a future with Orwellian overtones and push-button citizens.

TO **Earle B. Powell**

"We want to express our appreciation not only tor his unselfish devotion to our welfare, his helpful guidance and instruction, but also for what he represents. He is understanding and fair and square in all his dealings. He embodies the principles he teaches. To top it all off, he has a grand sense of humor that makes it a pleasure to work with him."

----dedication, 1944 San Gorgonian

To the best of our knowledge, a yearbook has never before been dedicated twice to the same person, but we break this precedent to add our recognition to the many others, of Earle B. Powell's 30-year career of service and leadership in education. 26 of those were in Banning as teacher, principal, and finally, superintendent of both the Elementary and High School districts of this city. During his tenure four school bonds were approved in an extensive program of rehabilitation and construction which saw a doubled expansion of classroom and campus areas. A new Junior High School plant, now under construction, is the most recent in a long line of achievements to meet the community needs from which Mr. Powell can derive a great sense of pride and accomplishment.

So we, too, concur with the community, and Mrs. Walter J. Lauck, P.T.A. President, who, in a ceremony at the culmination of his Banning career, said: "The person selected for this very special honor tonight has served well the young people of Banning over a long period of time, and in many different capacities. ---Surely this person's record of tireless and effective service to the youth of our community, warrants that this Honorary Life Membership in the California Parent-Teacher Association be awarded to Mr. Earle B. Powell."

TALENT PARADE

The Sophomores give the students of Banning High a chance to show what talents they have by featuring them in the Annual Sophomore Talent Show. Talents like singing, mimicking, pantomining, and playing a musical instrument are what make up the fun-packed show.

Diane and Dora portray a skit!?...

A combo of saxes' adds a touch to the show.

The Ginger Snaps are giving a real snappy routine...

Nita, Sharon, and Donna put you in a mystic mood of modern dancing.
